

SADDLEMEN®

W W W . S A D D L E M E N . C O M

USER GUIDE & INSTALLATION INSTRUCTIONS

DESCRIPTION: E-PAK

PART NUMBER: 3502-0208, -0312

OVERVIEW:

- The best way to bring your smart phone, GPS or other personal electronics on your motorcycle - you can easily see the device's screen and controls through the pouch's large window.
- Sized to be used with modern phones, but can also be used with a variety of GPS units. The pouch can be oriented to match the screen format of your device.
- Strong magnets keep the weather resistant pouch secured to your metal fuel tank. Each magnet is shielded to prevent interference with your device's electronics.
- Spacious electronics compartment includes a removable plush pad and foam mat you can trim to custom fit your device to the pouch.
- The large plastic window transfers electrostatic energy, allowing touch screen operation on your device (with a bare finger or electrostatic-transmitting gloves).
- Rubberized pouch back protects your bike's paint finish while the long perimeter zipper lets you easily stow or remove your device from the pouch.
- Double zipper fob entry system lets you easily insert your device and permits power or audio cords to route into the pouch.

IMPORTANT:

Please read these instructions completely before starting installation. All "NOTE," "CAUTION" and "WARNING" notations are serious safety issues and should be read carefully. Possible injury to riders or damage to the motorcycle and/or accessory may result if improperly installed.

NOTICE TO DEALERS:

These instructions contain important information for future reference and should be given to the customer.

⚠ WARNING:

READ THESE INSTRUCTIONS THOROUGHLY BEFORE INSTALLATION!

Because of the variety of motorcycle configurations, other accessories, and the features and intended use of this Saddlemen accessory, there are many different mounting options. You are responsible for the proper installation of this accessory on your motorcycle. Your attention to these installation instructions and recommendations will permit safe and proper use of this accessory. You must mount this E-Pak properly and securely before riding your motorcycle.

If you lack the ability to safely and properly install this accessory, seek out a qualified motorcycle technician for assistance. During installation, support the motorcycle with a suitable stand or lift so it will not tip over and injure you, or damage the vehicle. Using or mounting this accessory improperly could result in a loss of control of the motorcycle which could result in damage to your motorcycle or other personal property, the property of third parties, and/or personal injury to yourself or others, up to and including death.

BE SURE TO THOROUGHLY READ AND CLOSELY FOLLOW THE MOUNTING INSTRUCTIONS THAT ARE INCLUDED WITH THIS ACCESSORY:

- Your Saddlemen accessory pouch must be installed and securely attached to a metal fuel tank or similar metal foundation on the motorcycle.
- Using the integrated magnets, you must install the pouch so it will not shift or move while riding. You must ensure that the accessory and any related cords will not contact any moving parts of the motorcycle.
- If you do not understand the mounting instructions DO NOT mount the pouch.
- Thoroughly inspect your motorcycle accessories before every ride. Do not use the pouch if it has been modified, or if it has deteriorated, loosened, or is beginning to fail.
- Before riding, secure your phone or device inside the pouch and completely close all zippers.
- Continually check the security of your accessory pouch at each stop as you ride. Mounting magnets can shift during operation, so be sure to check it frequently.
- Do not use this accessory if you have any doubts as to whether it is properly mounted to your motorcycle.
- Do not transport or store flammable, or potentially explosive materials in your accessory pouch.
- If your accessory pouch is ever damaged, do not use it until it has been inspected by your local professional motorcycle dealer. Replace the E-Pak immediately if it has damage that will prevent it from being properly secured to your motorcycle or being able to securely hold its contents.

DO NOT ATTEMPT TO USE THIS ACCESSORY IF...

- You do not understand the installation and use of these instructions;
- You do not understand any part of the accessory mounting system;
- You have any doubts as to the security of the mounting system.

If you do not understand the mounting instructions DO NOT mount the accessory, and remove any other items you may have installed on your vehicle during the installation of this accessory. Contact your local professional motorcycle dealer for assistance, or call the Saddlemen support line at (310) 638-1222.

Remember: Motorcycling can be a dangerous activity. Installation of any accessory can increase your risk if it is not installed properly. You are responsible to install this accessory so it will not contact any portion of the drive train, suspension or steering, and so that it will in no way interfere with the operation of your motorcycle.

11-400271 E-Pak Rev 2 (11-2022)

17801 SOUTH SUSANA ROAD, RANCHO DOMINGUEZ, CA 90221

PH: 310.638.1222

IMPORTANT:

PADDED MAT & ADJUSTMENT FOAM:

Your E-PAK is delivered with a padded, vinyl covered mat (2) that is intended to press your device (1) against the pouch's clear window, permitting easy viewing and touch-screen control. Also included is a raw foam pad (3) which you can trim or cut to shape, in case your device is smaller or you need to hold it in a particular position within the pouch. The foam can be trimmed easily with a scissors.

TWIN ZIPPER FOBS & CORD ROUTING:

- The E-PAK is equipped with a zipper (5) that goes around 75% of the pouch's circumference to permit easy installation and removal of your electronic device.
- The E-PAK is slightly oversized so you can connect audio or power cords (6) to your device while it is stowed inside the pack.
- Use the twin zipper fobs (7) to control which direction a power or audio cord (8) will route from the E-PAK. Once you have your device and cord in place, close the zipper fobs to secure the pouch.

INSTALLATION:

IMPORTANT- FUEL TANK SURFACE PREPARATION:

Before placing the magnetic E-PAK on your motorcycle's fuel tank, make sure...

- No metallic objects are clinging to its rubberized mounting pad;
- The mounting pad is clean;
- The bike's gas tank surface is clean.

This plush mounting pad is designed to be soft on the fuel tank's surface and to provide good grip for the pouch. If the fuel tank's surface gets dirty you can damage the finish under the E-PAK, so clean under the pouch frequently.

For additional fuel tank surface protection you can obtain and install the Saddlemen Protective Tape Kit (#4320-0807).

CAUTION:

Failure to mount this accessory properly may allow it, or related wires or cords, to come into contact with the motorcycles moving parts or controls. It is vital that you verify that neither the pouch nor any related item can touch or interfere with other motorcycle components while the steering or suspension moves through its entire range of motion. Make sure that the pouch or related items cannot come into contact with the exhaust or any other component of the motorcycle, as other vehicle components may be damaged by contact with this accessory. It is your responsibility to make sure the installation of this accessory does not create an unsafe or illegal condition. Inspect the E-PAK more often if you are riding your motorcycle in wet or rough conditions. Inspect the accessory pouch and related items before and during each ride. A loose accessory can interfere with the vehicle's operation and cause an unsafe riding condition.

LIMITED WARRANTY POLICY

SADDLEMEN LIMITED ONE-YEAR WARRANTY Saddlemen warrants its products for defects in materials, design or workmanship for a period of one year after retail purchase. Items that are defective will be repaired or replaced by Saddlemen at its sole discretion. Damage caused by improper use or improper installation is not a defect; therefore repair, replacement or shipping of a damaged accessory will not be covered under this warranty. This limited warranty contains other provisions and conditions, so please refer to the Warranty Policy that was provided with your saddlebags or visit www.saddlemen.com for additional information. You can count on Saddlemen's quality, innovation, service and style. If for any reason you are not satisfied with the performance of your Saddlemen E-Pack, please contact the Saddlemen support line at (310) 638-1222.
